## FRUIT SHIPMENTS FROM MEDFORD TOTAL 775 CARS

Fruit shipments from Medford for the year 1912 will probably reach a total of 775 cars, as against 534 in 1910, the previous high record year, an increase of 45 per cent. Each year henceforth will see the number of cars increase at much faster ratio, as the young orchards reach bearing age.

The record in detail is as follows: Cars. Mixed ..... 10 

Apples, awaiting shipment ..... 85

mit his treatment to the scientific world next Monday.

Dr. Friedmann announces that beginning Monday he will treat every certified case of tuberculosis sent to him by physicians or scientists. He has opened special quarters for this purpose and many physicians have agreed to send tuberculosis cases to

#### To Convince Sceptics

During the five weeks that have elapsed since Dr. Friedmann's startling announcement to the Berlin Medical Society, the doctor has been deluged with letters and telegrams from all parts of the world as the result of the publication of his claims in the medical and lay press.

That there is much skepticism on the part of many of the leading scientists of Berlin as to Dr. Friedmann's claims has followed as a matmany false claims as to tuberculosis cures emanating from Germany and elsewhere that the scientist is in the mental attitude of discounting in adtrue, however, that Dr. Friedmann admit that the crisis has not been has convinced many Berlin physicians that in his address to the Medical society he did not over-state his discovery.

The most skeptical of the Berlin scientists have demanded that Dr. Friedmann give them his baccilli, so that they could submit his discovery to the acid test of treating certified cases of tuberculosis under the most rigid observation conditions they Davidson were invited on Friday could impose.

#### Treat All Comers

refused to give his baccilli to anyone tion of Women's clubs. Talks were on the ground that anyone from a given in the afternoon, on club orvelop enough to supply the world and ganization and on civic improvedeprive him of all credit and recous-

While Dr. Friedmann's partisans defend his position, the skepties contend that his refusal to meet their conditions is strong evidence against the reliability of his claims. Dr. Friedmann's final answer is the offer FOR SALE-26 Jersey Red pigs to treat with his new serum every certified case of tuberculosis sent to him. The test cases which he will treat will be certified at the Royal and other clinics.

Dr. Friedmann refuses to see all of the world on the ground that the danger of losing a small quantity of his baccilli is too great.

#### Berlin to Confirm

Dr. Hamel, assistant director of the imperial board of health of Berlin, says that this board will be the last body to pass on the efficacy of the Friedmann treatment, and that no official confirmation can be expected from the board natit ail the greatest doctors in Berlin have confirmed Friedmann's claims.

Talks with many Berlin physicians about Dr. Friedmann and his claims reveal much skepticism among seientists who have not personally observed and examined the tubercular patients Dr. Friedmann claims to have cured.

On the other hand, four physicians of standing whom Friedmann bas trusted and permitted to see his treatment have expressed themselves as convinced that Friedmann has discovered the long sought germ which will kill the tubercular gecan in the human body, and that his treatment will cure bone tuberculosis and lung taberculosis, the latter in not too advanced stages. These four doctors are Professor Schleich. Prof. Kuster, Dr. Muller and Dr. Karfunkel.

Clark said he was satisfied with mined, it is said, that Van Pelt shall Barbour's retraction and would take

#### Your Child's Health Your First Thought

If you have children, naturally your first thoughts are for their health. You certainly want them to develop strong, healthy constitutions. The most careful attention must be given when children show the first symptoms of the many common allments. Perhaps they are weakly and thin, or grow too fast, thus sacrificing strength. These and other apparently minor ailments may be the forerunner to a weak constitution

Such children need Jayne's Tonic Vermifuge which is essentially a children's tonic. First of all, it will properly care for the child's stomach. It will also improve the appetite, and will add strength to the other organs of the body. In cases of thin or impure blood, it increases the number of red corpuscies enabling the enriched blood to keep the body healthy and strong.

Among the most common ailments that children develop is that of a disordered stomach, leading to an impaired digestion. In many cases this trouble is due to parasites in the intestinal tract. To correct such trouble, Jayne's Tonic Vermifuge is unsurpassed.

For more than eighty years millions of children have been restored to health through the use of this tonic. Insist upon Jayne's; accept no other. Sold by druggiats everywhere. Dr. D. Jayne & Son, Philadelphia, Pa.

coming motherhood, should neglect to prepare her system for the physical ordeal she is to undergo. The health of both herself and the coming child depends largely upon the care she bestows upon herself during the waiting months. Mother's Friend prepares the expectant mother's system for the coming event, and its use makes her comfortable during all the term. The baby, too, is more apt to be perfect and strong where the mother has thus prepared herself for nature's supreme function. No better advice rould be given a young expectant mother than that

she use Mother's medicine that has proven its value in thousands of cases. Mother's Friend is sold at drug

stores. Write for free book for expect ant mothers.
